

Author Consent Declaration Form

I/we hereby certify that I/we have participated sufficiently in the intellectual content, conception and design of this work or the analysis and interpretation of the data as well as the writing of the manuscript, to take public responsibility for it and have agreed to have our name listed as a contributor. I / we believe the manuscript represents valid work. Each author confirms they meet the criteria for authorship as established by the ICMJE. Neither this manuscript nor one with substantially similar content under my/our authorship has been published or is being considered for publication elsewhere, except as described in the covering letter. I/we certify that all the data collected during the study is presented in this manuscript and no data from the study has been or will be published separately.

I/we give the rights to the corresponding author to make necessary changes as per the request of the Journal, do the rest of the corresponding on our behalf and will act as the guarantor for the manuscript on our behalf. The article will be publish under the terms of the [Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International \(CC BY-NC-SA 4.0\)](#) which allows others to reuse, copy and redistribute the material in any medium or format, and to alter or transform it, even commercially, as long as the author and original source are properly cited.

The author signs for and accepts responsibility for releasing this material on behalf of any and all co-authors. This transfer of publication rights covers the non-exclusive right to reproduction and distribute the article, including reprints, translations, photographic, reproductions, microform, electronic form (offline, online) or any other reproduction of similar nature. But author retains the copyright of the content and transfers all the licensing and publishing rights to the publisher. Financial interests, direct or indirect, that exist or may be perceived to exist for individual contributors in connection with the content of this paper have been disclosed in the cover letter. The author may self-archive an author-created version of his article on his own website and any institutional repository.

Journal Name	IP Journal of Diagnostic Pathology and Oncology		
Article Title	Non-Coding Regulatory Variants in Breast Cancer: Current Prediction Models and Experimental Gaps		
Article Type	Review article		
Article Reference No:	16575	Mobile:	9019910493
Email ID:	Env1@robustmaterials.com	Date:	27-05-2026
Corresponding Author Name:	Ravikumar KR	Signature:	
Organization name and Dept.:	DSIR Approved Research and Development Centre, Robust Materials Technologies Pvt Ltd
